how a show and the support of its fandom changed and saved lives supernatural a three time people s choice award winner for
favorite sci fi fantasy tv show and tumblr s 2015 most reblogged live action tv has made a name for itself by supporting and

encouraging its fans to always keep fighting and a memorable line from early in the show's run "family don't end with blood" became an inspiring mantra for many who found community in the fandom. In 25 powerful chapters written by supernatural's actors and fans, including series lead Jared Padalecki plus special messages from Jensen Ackles, Misha Collins, and Mark Sheppard, "family don't end with blood" cast and fans on how supernatural has changed lives, examines the far reach of the show's impact for more than a decade. supernatural has inspired fans to change their lives from getting sober for Sam to escaping a cult to pursuing life-long dreams, but fans aren't the only ones who have been changed; the actors who bring the show to life have also found in the show and its community inspiration, courage, and the strength to keep going when life seemed too hard, including essays and special messages from supernatural's cast: Jared Padalecki, Sam Winchester, Jensen Ackles, Dean Winchester, Misha Collins, Castiel, Mark Sheppard, Crowley, Jim Beaver, Bobby Singer, Ruth Connell, Rowena MacLeod, Osric Chau, Kevin Tran, Rob Benedict, Chuck Shurley (aka God), Kim Rhodes, Sheriff Jody Mills, Briana Buckmaster, Sheriff Donna Hanscum, Matt Cohen, Young John Winchester, Gil McKinney, Henry Winchester, Rachel Miner, Meg Masters. Collected and edited by Lynn S. Zubernis, a clinical psychologist, professor, and passionate supernatural fangirl, "family don't end with blood" provides an insightful and often uplifting look into the way international fan communities become powerful, positive forces in the lives of so many. In keeping with the show's message to always keep fighting, a portion of the proceeds from the book will be donated to Random Acts, a nonprofit founded by Misha Collins and Attitudes in Reverse, whose mission is to educate young people about mental health and suicide prevention.

This trio of volumes contains essays that explore vital existential, moral, or metaphysical issues surrounding the relationship between the sciences and the world's religions. In science and the world's religions, experts with scientific and religious backgrounds explore vital existential or practical issues, drawing on whatever sciences are relevant and engaging. At least two religious traditions, the multidisciplinary essays exhibit rigorous intellectual, scholarly thinking but are written to clearly communicate to educated adult lay readers. The first volume addresses questions about the origins and purpose of the cosmos and the human project; the second volume investigates the roles of religion and spirituality in human existence, considering issues ranging from the brain and religious

experience to the human life cycle the third volume tackles controversies in which both religion and science are stakeholders showing how both can deepen understanding and enrich human experience together these three books present readers with powerful tools that enable them to think through the challenge of integrating science with their religious beliefs and spiritual practices
